

Catherine (Pheifer) Carson

Class of 2003—Health Tech Prep Program

Katie is a 2003 graduate from the Health Tech Prep program and St. Paul high school. While taking full advantage of her Career Tech program, Katie balanced on the job work experience as well as classes at St Paul high school, EHOVE and BGSU Firelands earning college credit. She was inducted in the National Technical Honor Society and was a state runner up at the Ohio Skills competition.

Katie went on to earn her Bachelors of Science in Nursing and spent the next several years working on medical-surgical units in various locations, but found her passion working with Oncology patients. Katie enrolled at the University of Cincinnati's Nursing Graduate Program and completed her coursework in 2016. After obtaining her degree and certification as a Nurse Practitioner, Katie began working in Internal Medicine, specifically in Medical Oncology with Breast Cancer patients at the Stefanie Spielman Comprehensive Breast Center in Columbus.

Katie credits EHOVE as being instrumental in showing her what she wanted to do and where she is supposed to be.

Katie has been married to her husband Craig for 11 years. Craig is a 2003 EHOVE graduate from Engineering Industrial Tech program. They have four beautiful children ranging in ages from 2 to 11.

"I hired Katie less than two years ago and she is probably one of my most impressive hires. Katie is kind, compassionate and patients are always #1 in her focus. She is the type of person people would want to take care of their loved ones. She is wonderful, just a good human being. Patients love her, doctors love her, and she's so good to work with."

Julie Garrett, Manager of Advanced Proactive Providers at the OSU James Cancer
